

CERTIFICATE COURSE IN CARE GIVING

PROSPECTUS

2018-2019

CERTIFICATE COURSE IN CARE GIVING

INTRODUCTION

Increased globalization and modernization has brought about problems of old age, disaster related injuries, mental stress disorders and paucity of trained medical and health professionals etc. In view of these phenomena, the RCI, a registered statutory body has taken a decision to meet the challenge need of care giving from the family unit to the community and the institution as an important component of a continuing care and rehabilitation.

The concept of care giving and creation of a cadre of care givers is the need of the country. The availability of trained care givers and operationalizing the program in care giving, will fulfil the needs of the chronically ill, elderly and persons with disability increasing at an alarming rate.

AIM

To prepare a cadre of trained care givers to provide quality care in various areas of disabilities ranging from infancy to old age.

COURSE OBJECTIVES

1. To equip with relevant knowledge to meet the special needs of persons with disabilities.
2. To train in job skills to work in home, institutions and community.
3. To train in managerial skills to render best practices in care giving.

SCOPE

1. Care giver for persons with Autism, Mental Retardation, Cerebral Palsy, Multiple disabilities, Locomotor disabilities, Deaf- Blindness and Visual Impairment.
